

## Health and Safety Tutor/Assessor

Job Title – Health and Safety Tutor/Assessor

Locations – London

Salary – £30-35K

Duration – Permanent / Full Time /Part-Time considered

Sector – Health and safety

RHG Consult specialises in the professional delivery of a wide variety of bespoke training and apprenticeships nationally.

Home based, we are looking for a Health and Safety Learning Coach to join our growing team. We require an individual who has knowledge, experience and qualifications within the Health/safety/Environment sector to join us in this exciting role. You will work with learners and employers to ensure delivery of outstanding teaching, learning and assessment to support learners working towards the Safety, Health and Environment Technician Apprenticeship Standard and supporting the delivery of our IOSH approved Accident Investigation Course, Managing Safely and C&G Occupational Health and Safety qualifications

You will be responsible for:

- Delivering virtual/remote training (1 to 1 and groups) as and when required and evaluate the effectiveness of the training across a variety of industry sectors
- Motivating learners and providing regular support and guidance
- Assisting learners in completing their Health and Safety projects and providing your technical expertise to maximise the effectiveness of their projects
- Carrying out regular progress reviews and complete all required administration by agreed timescales
- Managing retention and achievement of learners allocated to your caseload
- Assisting in the development of learning resources

As a Health and Safety Assessor you will have the following skills and experience:

- Current NEBOSH certificate or equivalent
- Have experience in a Health and Safety Adviser role
- You will be keen to impart your Health and Safety experience and have credibility within this field
- An assessor and/or Teaching (education and training) qualification would be ideal, however we will provide training for those without the qualification.
- Be diligent, organised and have exceptional attention to detail

You may have experience of the following: Health and Safety Assessor, Health and Safety tutor, Health and Safety Consultant, Safety, Health and Environment assessor, Health and Safety adviser, Health and Safety advisor etc
